What is EURES?

The European Commission set up EURES to make it easy for workers to move employment in the European Union (EU) and European Economic Area (EEA) countries.

In Ireland, the European Employment Services of the Department of Social Protection coordinates EURES.

At European level, EURES:

- is a cooperation of public employment services in all EU/EEA countries
- comprises more than 900 specially trained European EURES Advisers
- maintains a European database of employment opportunities
- hosts a CV database of jobseekers.

EURES job portal

The EURES portal makes it easy for you to:

- access more than 3 million job opportunities all over Europe
- access thousands of registered employers
- create your CV online and make it available to European employers
- find details of living and working conditions in all EU/EEA countries
- see the events calendar on the EURES website showing upcoming European jobs fairs and other events
- check www.europeanjobdays.eu to take part in online or onsite events across Europe.

What can EURES offer you?

EURES helps jobseekers to find jobs in Europe and employers to recruit from all over Europe.

- Would you like to work in another EU/EEA country and need help or information?
- Do you wish to contact European employers?
- Do you want information on living and working conditions in another EU/EEA country?
- Do you need advice before you go?
- Do you need advice when you arrive?
- Do you want to attend EURES European job fairs?

Contact your local EURES Adviser for more information.

EURES Advisers

EURES Advisers are trained specialists. They provide the three basic EURES services of:

- information
- guidance
- placement.

They provide this service to both jobseekers and employers interested in the European job market.

If you are looking for a job in Europe, you can contact one of the Irish EURES Advisers to get information and advice on employment opportunities.
They can give you individual advice and information on jobs and recruitment projects in a number of EU/EEA countries.

EURES Targeted Mobility Scheme (TMS)

The Targeted Mobility Scheme is a European job mobility programme. It offers financial assistance to EU citizens aged 18 or over who are relocating for work to another EU country, Norway or Iceland.

The TMS scheme provides the following supports:

- financial support for travel expenses for a job interview in another EU/EEA country
- financial support if you relocate to start a new job
- other financial support like:
  - recognition of qualification
  - language course
  - family allowance.

Contact your local EURES Adviser or email tms@welfare.ie
