Subject: Bottle deposit scheme commebts

To whom it may concern,

I wish to say that I'm in favour of the proposed deposit scheme for plastic bottles. I have seen this model used successfully in other countries for plastic bottles and, also, aluminium cans and glass. In Denmark, I have seen homeless people fill numerous bags by collecting cans and bottles from crowds consuming drinks on the street. Ultimately it results in the streets being cleaned of bottles and cans after a gathering, and some cash then obtained by the bottle collector.

Sincerely,
