

ACRES Circular No. 13/2024

3 May 2024

**Agri-Climate Rural Environment Scheme (ACRES)  
Extension to establishment deadline for the 2024 Winter Bird Food crop**

Dear Advisor

Prolonged wet weather in recent months has generated difficult ground conditions, allowing only a limited window to carry out any land operations in many parts of the country.

Consequently, an extension has been granted to the establishment deadline for the 2024 Winter Bird Food crop. The final date for planting has been extended to 31 May 2024.

This extension applies to 2024 only (the deadline for subsequent years is 15 May annually).

Regards
